**BAVARIA CARBON HOLDINGS GMBH, ROETHENBACH A.D. PEGNITZ**  
**NOTES TO ANNUAL FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR**  
**1. APRIL 2015 TO 31. MARCH 2016**

**A. General Information**

The annual financial statements of Bavaria Carbon Holdings GmbH were prepared in accordance with the regulations of the German Commercial Code (HGB) and the Limited Liability Company Act (GmbHG).

For the incomestatement, the total cost method in accordance with § 275 para. 2 HGB was applied. The company is a small-sized company according to § 267 para. 1 HGB. In part, the preparation of the annual financial statements is carried out in utilization of the size-related facilities according to §§ 274a, 276 and 288 para. 1 HGB.

**B. Accounting policies**

The accounting and valuation policies applied in the previous year were retained. The accounting and valuation of items in the balance sheet and income statement are based on the going concern assumption.

The **fixed assets** acquired in August 2004 from the insolvency administrator of the Conrady Group, Dr. Pöhlmann, are valued with the acquisition costs, reduced by the regular straight-line depreciation assuming remaining life of assets to be seven years for plant and machinery and ten years for buildings.

Newly acquired **intangible assets and fixed assets** are valued at the acquisition costs reduced by the straight-line depreciation. Assets manufactured in-house are valued according to the production costs considering adequate parts of the required general and administrative costs. Depreciation is done according to the current official tax depreciation tables.

**Low-value assets** with product related acquisition costs of up to EUR 150.00 are depreciated completely in the year of acquisition and shown in the asset table as a disposal. Capital assets with acquisition costs from EUR 150.00 to EUR 1,000.00 are accumulated in a pool item. Depreciation is done in the year of purchase and the following four years.

**Accounts receivable and other assets** are accounted with nominal values. Individual risks are considered by valuation allowances.

**Cash on hand and bank balances** were measured at nominal value.

The **prepaid expenses** relate to payments made before the reporting date, which represent expenses for a certain period after that date.

**Other accruals** with respect to any risk and expected liabilities are accounted in an amount required for the settlement on the basis of a reasonable commercial assessment and are recognized in consideration of anticipated price and cost increase in the future.

The **liabilities** are entered in the balance sheet according to their settlement amount. All liabilities are short-term.

### **C. Comments on the balance sheet**
